

## **EUROPEAN POLICY STATEMENT University of Applied Sciences in Nysa (PL NYSA01)**

**The objective of the University of Applied Sciences in Nysa**, is providing the best quality educational services in accordance with European standards of teaching. It enables to educate students in the way which helps them to make good use of their theoretical and practical abilities acquired during their study period in order to manage effectively on their own on the competitive labour market. All activities connected with the University state of art take into account specific of the regional labour market on the one hand, as well as facilitate students adaptation to European economic realities on the other hand due to increasing internationalization of the University.

From the beginning of its existence the University of Applied Sciences in Nysa has established contacts with partners abroad as international cooperation is one of the most important elements of the strategic development plan of our institution. The university is still planning to work within EU Programmes.

### **The main goals for the University of Applied Sciences in Nysa strategy, objectives and priorities for its Erasmus Plus activities:**

1. Keeping economic stability and conditions for further dynamic development and the high quality education compatible with the standards adopted in the EU countries
2. Establishing and promoting transparent and dynamic internationalisation and innovation of education strategy
3. Better co-operation with natural partners of the University: professional associations, industry, business, research institutions, international organisations, regional communities
4. Enhancing and broadening educational offer of the University, introducing European Dimension to Study programmes, monitoring and modernisation of curricula, and adapting them to European standards
5. Increasing number and quality of students and academic staff mobility (outgoing and incoming students and teachers)
6. Implementing regular courses in English as well as regular Polish language classes for foreigners
7. More active participation in Thematic Networks, Intensive courses and other possibilities under Erasmus Plus Programme in co-operation with partners from the EU
8. Spreading more visibility to Erasmus Plus activities by promoting them among students, staff and regional media and partners.
9. EPS will be publicised on University web-site as well used in most important University strategic documentation. The University of Applied Sciences in Nysa ensures equal opportunities for all students and teachers, irrespective of their sex, age, social background, financial situation, political views, denomination and guarantee full access of disadvantaged people to studies. Academic achievements are the main criteria of selection and assessment of students. The University of Applied Sciences in Nysa prevents and combats all symptoms of racism and xenophobia. Such attitudes have never been accepted among the University of Applied Sciences in Nysa students and academics.
